You may need a Course ID, provided by your instructor, to register for and use MyLab or Mastering products. For courses in General, Organic, and Biological Chemistry (1 - Semester) An integrated and applied approach to General, Organic, and Biological Chemistry General, Organic, and Biological Chemistry strengthens the evidenced strategy of integrating general, organic, and biological chemistry for a focused introduction to the fundamental connections between chemistry and life. The streamlined approach establishes a clear path through the content over a single semester. The text integrates essential topics more effectively than any text on the market, covering core concepts in each discipline in just 12 comprehensive chapters. With the 4th Edition, authors Laura Frost and Todd Deal apply their knowledge and experience in the science of learning to incorporate research and best practices based on how students learn. A stronger applied focus provides practical connections and applications, showing both allied-health and non-science majors how to use their understanding of chemistry in future health professions and in their everyday lives. Enhanced digital tools in Mastering Chemistry and embedded in the Pearson eText guide students through all stages of the course, providing support when and where students need it. Also available with Mastering Chemistry By combining trusted author content with digital tools and a flexible platform, Mastering personalizes the learning experience and improves results for each student. The fully integrated and complete media package allows instructors to engage...
